To: Amherstburg Council

From: Enbridge Gas

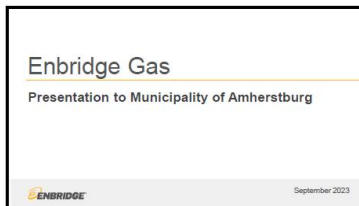

Please accept the attached materials in advance of the Enbridge Gas presentation to Amherstburg Council on September 11, 2023.

Lauren Duggall, Andrew Smith, and Lindsay Shoppoff will attend the meeting to present about the proposed Boblo Island Community Expansion Project. Other team members may join virtually.

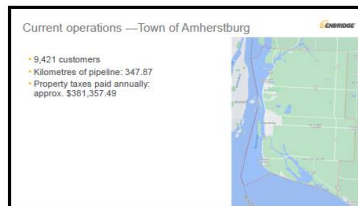

After sharing about the proposed project, our team will request your consideration of support. A letter or resolution of support for the Boblo Island Community Expansion Project will help demonstrate support and need for the Ontario Energy Board Leave to Construct Application for this project.

RE: Proposed Boblo Island Natural Gas Pipeline Project, Enbridge Gas Inc.

Dear Ms. Laird,

On behalf of \_\_\_\_\_, I am writing to express our support for the Boblo Island Natural Gas Pipeline Project.

This project is part of the Ontario Government's Natural Gas Expansion Program and is funded by approximately \$1.9 million from the Ontario Government, in addition to the expansion surcharge (23 cents/m<sup>3</sup>) to be paid over a term of 40 years by all customers on Boblo Island served by the project.

The proposed project will include approximately 2.9 km of new natural gas pipeline (with an approximate 600-meter crossing of the Detroit River) and will initially provide service to approximately 92 forecasted customers.

The Town of Amherstburg supports this project as it will increase access to reliable and affordable energy in the Town. The project will also create temporary construction jobs in Amherstburg, along with local construction material sourcing opportunities for local suppliers.

The Town of Amherstburg is focused on \_\_\_\_\_ (examples such as job creation, reliable and affordable energy) and as such, we see multiple benefits this project will bring to the local area.

Sincerely,
