Author's E-mail: echamberlain@amherstburg.ca/ btetler@amherstburg.ca	Resolution #:

To: Mayor and Members of Town Council

Subject: 2024 Amendments to Traffic By-Law 2011-69

1. **RECOMMENDATION:**

It is recommended that:

1. **By-law 2024-023** being a By-law to Amend By-law 2011-69 be taken as having been read three times and finally passed and the Mayor and Clerk **BE AUTHORIZED** to sign same.

2. **BACKGROUND:**

On August 9, 2011, Amherstburg Council passed the Traffic By-law 2011-69 to regulate the traffic in the Town of Amherstburg.

It is important that this By-law be kept up to date to properly enforce parking infractions, ensure safety of motorists and pedestrians, to keep a current log of all signage and new road development and to ensure parking infractions can be legally laid and upheld. This process is an arduous task that is reviewed, monitored and logged by the Roads Division and the Licensing and By-law Enforcement staff. It is imperative that the process identifies and communicates the changes that are approved by Council. The plan moving forward is to bring the Traffic Bylaw to Council on a regular basis to capture changes to the Traffic By-law.

3. DISCUSSION:

The purpose of the report is to amend the current Traffic By-law to reflect the recommendations adopted by Council at previous Council meetings, as well as the number of additional streets built in new developments. By-law 2011-69, as amended, is attached to this report, as well as the amended schedules, with changes identified for Council's review.

The following is the notable inclusions to the Traffic By-law:

- Inclusion of the Designated Areas for Speed Limit – Schedule Z
- Updates to Schedules:
 - Schedule B – No Parking
 - Schedule G – Through Roads
 - Schedule J – Stop Signs
 - Schedule L – Speed Limits
 - Schedule O – Commercial Loading Zone

Administration conducted an audit and review of all schedules to the By-law to ensure that the By-law reflects the most current and up to date information. Further, administration reviewed the By-law referencing *The Highway Traffic Act, R.S.O 1990* to ensure that the provisions meet the current standards and legislation.

4. RISK ANALYSIS:

The Traffic By-law must be kept up to date so that any charges laid are consistent with the By-law and Highway Traffic Act. The ability to enforce and secure fines and penalties for violations must be in keeping with the By-laws of the Town of Amherstburg. By-laws that do not properly reflect the new or changing traffic regulations pose credibility risks to Enforcement Officers and Police Services.

5. FINANCIAL MATTERS:

There are no financial implications associated with this report. The consistent review and updating of the By-law will ensure that potential fines are current and enforceable

6. CONSULTATIONS:

By-law Enforcement Officers and Licensing Officer were consulted on this report and concur with the amendments to By-law 2011-69.

7. CONCLUSION:

The Traffic By-law requires continuous amendments to ensure it reflects changing traffic regulations within the Town of Amherstburg and The Highway Traffic Act. The amendments presented are consistent with previous Council decisions and current provincial legislation.
