

Appendix C - Summary of Business Feedback

Business	Hours of Operation	Number of Employees	Number of Employees per shift	Does Open Air impact you?	Do you feel you need to be in the footprint?	Why you would/wouldn't like to be included in the footprint
Nuccellis	11am-9:30pm 7 days a week	5	1.5	No	Yes	They would like to be included in the footprint of open air this year to feel a more sense of community.
Thrasher Law	9am-5pm Mon-Fri	3	3	Yes	No	Late Friday afternoons are the busiest day of the week for real estate lawyers. Couriers need to be able to deliver closing documents, and pick up mortgage payout payments. Clients need to be able to get to the office to pick up keys to their new houses or sign last minute documents. While not opposed to the office being within the footprint, a condition would be that the road closure occur after 5:00pm on Friday as the office is closed at 5pm Friday until Monday morning, so there would be no adverse impact.
Landholding Business	10am-4pm Mon - Thurs	3	2	No	No	No further comments received
Balance Yoga	9am-8:30pm Mon - Fri 9am-12pm Sat-Sun	7	1	No	Neutral	They did not have a need to be in the footprint. They see most new business by people walking by and realizing there is a Yoga Studio there. They also believe once the KNYP expansion is opened it will bring people further down Dalhousie Street so they will have an opportunity to walk passed the storefronts at the Queen Charlotte location. Also if a small public parking lot at the expansion of KNYP was created it would allow people to walk pass the businesses at the Queen Charlotte and provide more exposure.
Flow Café and Bikes	Mon, Tues, Wed 10am-3pm Thurs & Fri 10am-5pm Sat 10am-3pm Sun closed	7	2	Yes	Yes	Strong desire for the footprint to be expanded to allow for greater potential of people to walk past Murray street and see their business. Very interested in being able to include programming in the street expansion to help draw attention to their location. Would amend hours of business to be 9 to 5 everyday if the expanded footprint can be accommodated.
Legion	12pm-bar steward decides to close based on # of patrons	6 Staff 30 volunteers	2 Staff 5-7 volunteers	Yes	Yes	Legion would like to be included in the footprint. As a not-for-profit, they rely heavily on our patrons, members, and donations, particularly in the summer season. Current termination at Murray reduces number of people who would attend their facility. If expanded it would increase utilization of our patio to include special events and music and benefit from the influx of tourists/foot traffic during the warmer months. The expansion will assist not only from a financial perspective, but also through potential member recruitment/increasing membership and educating the public about the Royal Canadian Legion volunteer opportunities through community involvement.
