

March 17, 2025

Dear Town of Amherstburg Council Members,

The Bois Blanc Community Association board of directors are the duly elected representatives for the residents of Boblo Island, Amherstburg, Ontario. It has come to our attention that there exists a possibility for our community to participate in the Ontario Provincial Government's Pilot Project to allow the use of golf carts in island communities. We also understand that Pelee Island is participating in this unique opportunity.

In my capacity as the President of the Bois Blanc Homeowners Association I would like to confirm that the members of the Bois Blanc Community Association are willing to have Boblo Island participate in the Provincial Pilot Project.

I am free at your request to discuss this matter further if required.

Respectfully,

Loris Boschin

Loris Boschin
President
Bois Blanc Community Association
