Dear Mr. Garardo:

RE: Zoning By-Law Amendment ZBA-03-21

ARN 372960000002000, 372960000002050; PIN: 705700292  
Applicant: Town of Amherstburg

The following is provided as a result of our review of Zoning By-Law Amendment ZBA-03-21 to continue the zoning of the subject lands noted above from the "Residential Second Density (R2) Zone" to "Temporary Special Provision Residential Second Density (T-R2-7) Zone". The extension of the re-zoning is requested in order to allow the existing accessory structure to remain on the property without a dwelling unit, to be used until the dwelling is constructed.

## **DELEGATED RESPONSIBILITY TO REPRESENT THE PROVINCIAL INTEREST IN NATURAL HAZARDS (PPS) AND REGULATORY RESPONSIBILITIES OF THE CONSERVATION AUTHORITIES ACT**

The following comments reflect our role as representing the provincial interest in natural hazards as outlined by Section 3.1 of the Provincial Policy Statement of the *Planning Act* as well as our regulatory role as defined by Section 28 of the *Conservation Authorities Act*.

The above noted lands are subject to our Development, Interference with Wetlands and Alteration to Shorelines and Watercourses Regulation under the *Conservation Authorities Act* (Ontario Regulation No. 158/06). The parcel falls within the regulated area of the Big Creek and Detroit River. The property owner will be required to obtain a Permit and/or Clearance from the Essex Region Conservation Authority prior to any future construction or site alteration or other activities affected by Section 28 of the *Conservation Authorities Act*.

## **WATERSHED BASED RESOURCE MANAGEMENT AGENCY**

The following comments are provided in an advisory capacity as a public commenting body on matters related to watershed management.

The subject property may lie wholly or partially within the Event Based Area (EBA) of the Essex Region Source Protection Plan, which came into effect October 1, 2015. The Source Protection Plan was

Mr. Garardo  
June 24, 2021

developed to provide measures to protect Essex Region's municipal drinking water sources. As a result of these policies, new projects in these areas may require approval by the Essex Region Risk Management Official (RMO) to ensure that appropriate actions are taken to mitigate any potential drinking water threats. Should your proposal require the installation of fuel storage on the site, please contact the RMO to ensure the handling and storage of fuel will not pose a significant risk to local sources of municipal drinking water. The Essex Region's Risk Management Official can be reached by email at [riskmanagement@erca.org](mailto:riskmanagement@erca.org) or 519-776-5209 ext 214. For any questions regarding Source Water Protection and the applicable source protection plan policies that may apply to the site, please contact the Essex Region Risk Management Official.

#### **SECTION 1.6.6.7 Stormwater Management (PPS, 2020)**

Our office has reviewed the proposal and has no concerns relating to stormwater management.

#### **PLANNING ADVISORY SERVICE TO PLANNING AUTHORITIES - NATURAL HERITAGE POLICIES OF THE PPS, 2020**

The following comments are provided from our perspective as an advisory service provider to the Planning Authority on matters related to natural heritage and natural heritage systems as outlined in Section 2.1 of the Provincial Policy Statement of the *Planning Act*. The comments in this section do not necessarily represent the provincial position and are advisory in nature for the consideration of the Planning Authority.

The subject property is within, and/or is adjacent to (within 120 metres of), a natural heritage feature that is identified as a significant wetland (Big Creek Marsh (ER 13)) , significant woodland, significant valleyland, significant wildlife habitat under the Provincial Policy Statement (PPS).

Section 2.1.4 of the PPS, 2020 states - "Development and site alteration shall not be permitted in "significant wetlands..." and "significant coastal wetlands."

Section 2.15 of the PPS states - Development and site alterations shall not be permitted in significant woodland... and significant valleyland... and significant wildlife habitat...unless it has been demonstrated that there will be no negative impacts on the natural features or on their ecological functions.

Our information indicates that the subject property may support habitat of endangered species and threatened species. As per Section 2.1.7 of the PPS, 2020 – "*Development and site alteration shall not be permitted in habitat of endangered species and threatened species, except in accordance with provincial and federal requirements*". All species listed as endangered or threatened (aquatic species, plants, mammals, birds, reptiles, amphibians, etc.) as well as their related habitats, are protected

Mr. Garardo  
June 24, 2021

under the Ontario *Endangered Species Act*. Prior to initiating any proposed works on this property, it is the proponent's responsibility to contact the Species at Risk Branch of the Ontario Ministry of Environment, Conservation & Parks (MECP) to ensure all issues related to the *Endangered Species Act* are addressed. All inquiries regarding the *Endangered Species Act* should be made with Permissions and Compliance Section of the MECP (e-mail address: [SAROntario@ontario.ca](mailto:SAROntario@ontario.ca)).

Our information indicates that the subject parcel is likely to support fish habitat. As per Section 2.1.6 of the PPS, 2020 – "Development and site alteration shall not be permitted in fish habitat except in accordance with provincial and federal requirements." Inquiries regarding the applicability of fish habitat to the property should be made to the federal Fisheries and Oceans Canada website: [www.dfo-mpo.gc.ca/pnw-ppe/index-eng.html](http://www.dfo-mpo.gc.ca/pnw-ppe/index-eng.html).

Notwithstanding the above noted references to the PPS policies, based on our review of the subject application, it is our recommendation to the Municipality that an Environmental Impact Assessment is not required because the purpose of this application is to allow the existing accessory structure to remain on the property without a dwelling unit, to be used until the dwelling is constructed. In our opinion, this type of application is not development under the PPS. In our opinion based on these circumstances, a demonstration of no negative impact has been satisfied or is not necessary in this case.

### **FINAL RECOMMENDATION**

With the review of background information and aerial photograph, ERCA has no objection to this application for Zoning By-Law Amendment.

If you have any questions or require any additional information, please contact the undersigned.

Sincerely,

Vitra Chodha, E.P
