

Welcome TOOUR VIRTUAL OPEN HOUSE

Jack Purdie Park

PURPOSE OF MEETING

PARK RE-DEVELOPMENT

- COLLECT INFORMATION
- GAIN PUBLIC INPUT
- SHARE IDEAS
- ANSWER QUESTIONS
- DISCUSS PARK OPPORTUNITIES

PARK HISTORY

The park located at 609 Richmond Street was named "John (Jack) Purdie Park" through Bylaw no. 2274 passed in 1992. Jack Purdie was recognized for this devotion to many minor sports teams in Amherstburg and for 40 years of service to the Royal Canadian Legion, part of which as Zone Commander and District Chairman and 11 years as president. Purdie fought with the Essex Kent Scottish Regiment in WWII. He served as Town Councillor for eight (8) years and was Chairman of the Parks and Recreation Committee for four (4) years.

EXISTING CONDITIONS

PARK CLASSIFICATIONS

DESTINATION PARKS – Parks that are heavily used by residents and tourist for community events, festivals and passive recreation. May contain pathways, pavilions and/or unique elements (excluding athletic features) that make the park a "destination".

ATHLETIC PARKS - Developed parks containing a variety of athletic amenities for organized recreation, such as multiple sports fields, field houses and community or Town-wide recreation amenities. Many parks support tournament or large community events and may be co-located with indoor sport community facilities.

LEISURE PARKS – Local-level parks primarily supporting children's play activities. May contain amenities found in Destination and Athletic Parks (e.g., pathways, sports field, courts, etc.) but at a smaller quantity and scale. Often situated within subdivisions.

HERITAGE PARKS – Public spaces and parks with historic or cultural significance that are Town-wide importance. May contain elements of Leisure or Civic Parks as secondary functions of site.

CIVIC PARKS – Civic spaces located in gateways or the downtown core that support the Town's social and cultural fabric and create a sense of place. Typically characterized by a mix of floral gardens and hardscape areas that can be programmed for various uses. May include small-scale event space, public art, seating, outdoor skating and relative civic uses.

LINEAR PARKS – Linear corridors (such as trials or greenways) that provide connections within the open space system (for habitat) and between local points of interest (for pedestrians and/or cyclist). Consist largely of unimproved open space and/or trail/greenway infrastructure. Maybe Town-owned or controlled (e.g., easement agreement, etc.) and may include waterfront access points.

NATURAL PARKS - Municipal open space and natural properties used for conservation and/or passive recreational activities (e.g., walking nature appreciation, education.) Lands will be largely undeveloped and contain open space or natural heritage features such as woodlots, wetlands conservation habitat, etc. Public access restrictions may apply.
