**Q9 | Are there any amenities you would like to see at the Skate Park, which have not been mentioned?**

- 11/18/2021 07:01 PM  
Lighting, garbage and recycle, washroom access
- 11/18/2021 07:25 PM  
Yes all of those amenities would be nice
- 11/19/2021 08:05 AM  
Just look up any good skatepark... there are thousands in the world. The old skatepark had something for everyone. Now I don't even waist my time going to the relocated one because there is 0 flow to ride around... its pointless
- 11/19/2021 11:02 AM  
Bathroom
- 11/19/2021 02:19 PM  
As a parent who can drive my kids to a skate park I hope those not as fortunate as I have easy access as well, keeping it centrally located and accessible
- 11/19/2021 05:49 PM  
A half pipe 3ft tall its great to learn on and experienced people enjoy it also. Most importantly a smooth surface to skate on without a stone parking lot. As a kid the skate park was terrible with the asphalt and rocks from parking lot
- 11/22/2021 10:41 AM  
We need a proper box jump aswell. Similar to the shape of the existing steel one but much bigger.
- 11/22/2021 01:05 PM  
Video Surveillance cameras
- 11/22/2021 06:10 PM  
I think that lights that can be turned on at night would be good so that we dont have to leave after dark
- 11/22/2021 06:15 PM  
Hi there. Skateboarding is a dying breed. I support the use of existing ramps and associated maintenance. Anything more with just be vandalized the same way the old was, while paying more for it. I can't even imagine the insurance costs for this. Thanks!

Surveillance

11/22/2021 09:56 PM

walking/running track and activity for adults attending with children  
(bocci court, etc.) more family/community oriented

11/29/2021 08:44 AM

Washrooms, and lights.

12/01/2021 05:45 PM

Stairs, hubbas, bump to bar, euro, smooth transition, street plaza  
specs, technical details. Please for the love of god take the proper  
steps to ensure that this is make correctly and don't fuck it up by  
hiring a shit company.

12/02/2021 12:50 PM

It would be nice to have a local artist create a graffiti art wall (the  
painting could tell the story of the town) as a cool backdrop for  
photos!!!

12/02/2021 05:37 PM

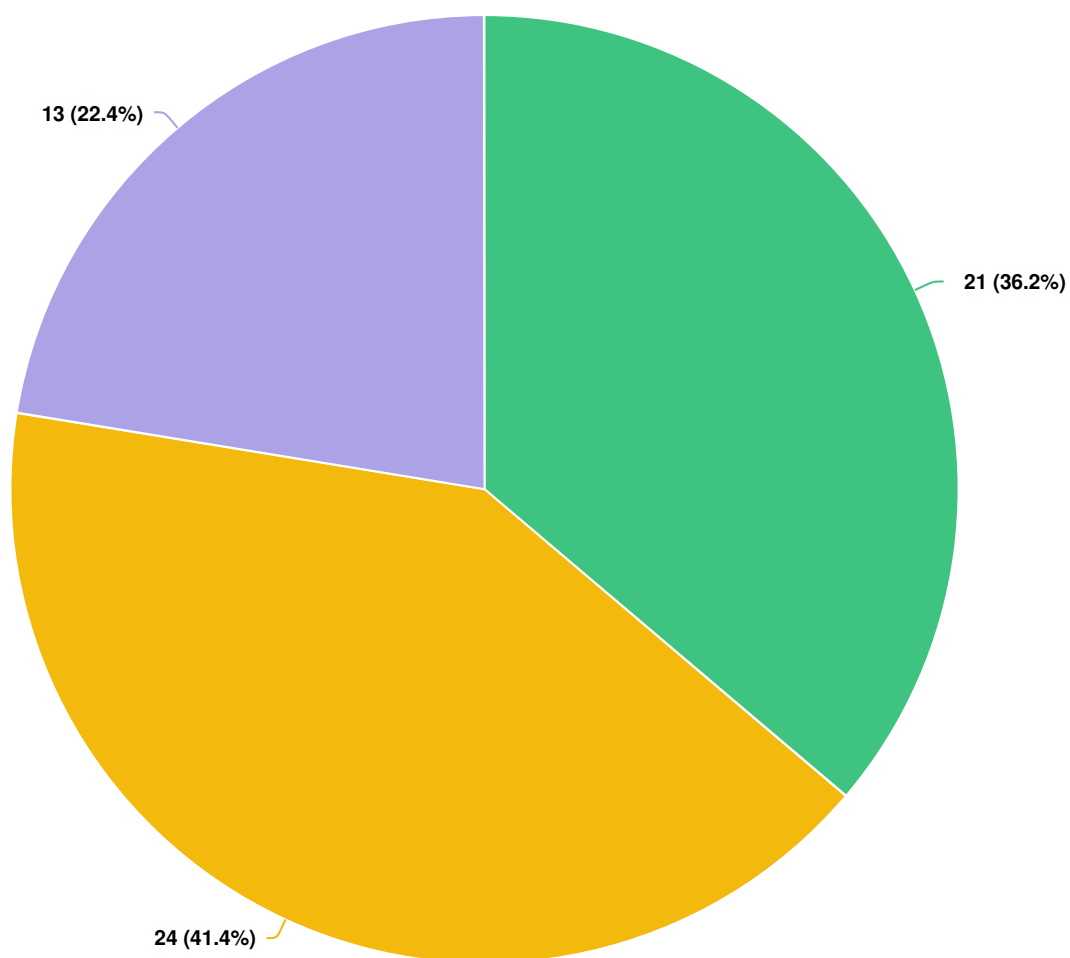

Shut the friggen thing down, this is a waste of money for kids who do  
not respect anything just handed to them. If you keep it open have  
hours and have it staffed with admission/season passes to keep the  
place up and not be ruined

12/05/2021 09:15 PM

Just look up any good skatepark... there are thousands in the world. The old skatepark had something for everyone. Now I don't even waist my time going to the relocated one because there is 0 flow to ride around... its pointless	H. Murray Smith Centennial Park	Yes

A half pipe 3ft tall its great to learn on and experienced people enjoy it also. Most importantly a smooth surface to skate on without a stone parking lot. As a kid the skate park was terrible with the asphalt and rocks from parking lot	Jack Purdie Park	Yes
We need a proper box jump aswell. Similar to the shape of the existing steel one but much bigger.	The Libro Centre (with proposed street safety measures)	Yes

Shut the friggen thing down, this is a waste of money for kids who do not respect anything just handed to them. If you keep it open have hours and have it staffed with admission/season passes to keep the place up and not be ruined	H. Murray Smith Centennial Park	No

This is something the entire family can participate in, and is also a Olympic sport. Operation costs being significantly lower to operate then many other competitive sports. The closest sanction track is in Chatham with several others in the province. that have gained huge popularity.	0	15
Registered	12	Nov 18 21 09:30:03 pm	Area of General Amherst High	Skate park should be in the middle of town so kids can access it easier, and having it near Sandwich Street will keep it visible to the public hopefully keeping bad behavior at a minimum.	1	12

Anonymous	0	Nov 21 21 07:50:22 am	Move ramps to harrow skatepark	I think they should move the ramps out to harrow skatepark it's lacking ramps to ride more open concrete then anything there's not enough there for kids to expand and learn new tricks on it could really use a rail or that spine there its a good skatepark next to a kids playground and I make sure I straighten out anyone who isn't being respectful 😊😊	0	6
Admin	0	Nov 22 21 11:15:20 am	Middle of Town	The skate park should remain in the middle of the town for accessibility, or included in the plans for the park in the Monopoly area, since that is still close to the middle of the town.	3	5
SUBMISSIONS	13	Nov 22 21 12:07:10 pm	Inside the track? The high-school...so it's in plain site?		0	2
UP VOTES	8	Nov 27 21 07:33:54 am	I believe it needs to be in the center of town. In one of the parks already or revamp the ones in the planning to allow it.		1	0
COMMENTS	3	Nov 30 21 09:10:40 am	Park needs to be visible	Area needs to be well lit, with cameras to deal the issues we have been having with the most recent skate park.	2	2

Dec 01 21 05:41:52 pm	The skatepark should be made from concrete. A well thought out and sizeable park will bring skaters from all over to use it.		0	0
Dec 02 21 06:47:54 pm	Close enough to town that even younger kids can ride there, but it needs to be in an open area, well lit, cameras and made of concrete ramps		1	0
Nov 22 21 06:02:51 pm	Comment response to "Thrasher Park"	This idea isolates a skate park to an area that is only accessible if you live in the subdivision. It's not for the betterment of youth as a whole. Furthermore, this area is vast and completely unmonitored. No, thank you.	0	0
Nov 27 21 07:30:30 am	Comment response to "Thrasher Park"	There is a lot of parking but not central.	0	0
Nov 22 21 06:06:15 pm	Comment response to "Move ramps to harrow skatepark "	Harrow does not belong to the municipality of Amherstburg. Harrow belongs to the municipality of Essex. You may want to consider speaking with Essex about your idea. Amherstburg purchased property, like skate ramps, would not be for use in another municipality.	0	0
