

2022 Jack Purdie Park Survey

SURVEY RESPONSE REPORT

27 February 2022 - 01 April 2022

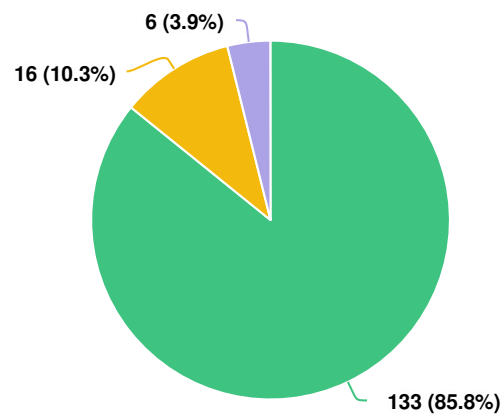

PROJECT NAME:

Jack Purdie Park Project

SURVEY QUESTIONS

Q1 | The revised Jack Purdie Park Concept Drawing above was created to reflect the results of the 2021 public engagement survey....

Question options

☒ yes ☐ No ☐ I have no opinion.

Mandatory Question (155 response(s))

Question type: Radio Button Question

Q2 What would you change, if anything, about the Jack Purdie Park Concept Design presented?

2/27/2022 09:33 AM

Only approx. 369 people out of a town of 22,000 completed the survey. Why was some affordable housing options dismissed completely based on a survey completed by 369 persons out of 22,000 persons population?? A lot of power given to 369 opinions

2/27/2022 10:25 AM

I still think that a small portion could be used for a couple of Habitat for Humanity Homes. And we don't have any money to make any of these improvements. Sell a bit of the land, and then invest it into the rest of the park.

2/27/2022 11:14 AM

Make sure it stays a park.

2/27/2022 11:26 AM

There is no need for sledding hill

2/27/2022 12:56 PM

Would love to see some tennis courts

2/27/2022 06:51 PM

Geared to income housing included and no hill.

2/28/2022 11:55 AM

Bigger play area, and how is added trees 120,000? That's is insane! We plant 10 6ft trees a year at our house and it cost us 500\$. 120,000 is outrageous!!!!

2/28/2022 02:05 PM

Sledding hill and splash pad are redundant, if we're looking at saving money. We need a playground above all. The rest are nice bonuses.

3/01/2022 12:20 PM

A second smaller play centre for younger children (age 2-4) so they don't get hurt on a playground meant for bigger children

3/01/2022 12:29 PM

Splash pad and bigger playground

3/01/2022 12:46 PM	Add 2 concrete play areas. One basketball court and one tennis court. You already have pickleball at centennial.
3/01/2022 01:10 PM	Two hard surface play areas, if you can make the perimeter trail 1 full km. Open play area big and flat for soccer, ultimate frisbee or football. Trash recep. more important then benches
3/01/2022 01:13 PM	why do we need another splash pad, and another sledding hill so close to renaud hill, open the hill at libro
3/01/2022 01:17 PM	Remove splash pad and spend money on more play equipment, bigger sledding hill, soccer nets.
3/01/2022 02:21 PM	More trees
3/01/2022 02:50 PM	Add more benches in the playground area.
3/01/2022 04:00 PM	nothing
3/01/2022 04:59 PM	nothing
3/01/2022 07:25 PM	Fill in the large open green space with either more trees for shade, or add one additional amenity (possibly a soccer field) to fill in the space a bit.
3/01/2022 08:48 PM	I don't think a sledding hill is necessary if Centennial Park has a hill. One or the other needs a hill, not both.
3/02/2022 12:49 AM	Needs more lighting to make the area safe at night and early mornings.
3/02/2022 10:00 AM	The rocks in the playground should be changed to something less dangerous

3/02/2022 10:00 AM	Add play equipment maybe a slide or swings for children
3/02/2022 10:13 AM	Nothing
3/02/2022 10:14 AM	Nothing
3/02/2022 10:45 AM	I think that there is more effort in Jack Purdie Park than there is/was in Centennial Park which serves a large area as well.
3/02/2022 11:06 AM	There should be some subsidized accessible housing for elders
3/02/2022 11:44 AM	More items for kids to play with
3/02/2022 11:48 AM	add pickle ball courts
3/02/2022 02:06 PM	Would like to see added recreational activities ie. tennis and pickleball courts, also making sure the pedestrian trail is wide enough for people to go by in opposite directions.
3/02/2022 03:21 PM	Nothing
3/02/2022 03:58 PM	Nothing
3/02/2022 05:37 PM	Another washroom on the other side of the park, and lots of lighting
3/02/2022 07:18 PM	community garden
3/02/2022 10:20 PM	Add a dog park. The town currently lacks one.

3/03/2022 06:30 AM

Open grass space to play that's not near the sledding hill. This way children who just want to quietly build a snowman or play can, without worrying they will get hit by sleds.

3/03/2022 09:26 AM

If sledding hill is at Centennial does not need to be at Jack Purdy.

3/03/2022 11:09 AM

Nothing

3/03/2022 12:28 PM

Personally I would not add the path around the *entire* perimeter, all backyards that face the open park will lose TONS of privacy plus making their backyards better targets for theft, especially those with chain fences. thank you for your time.

3/04/2022 09:15 AM

Expand the outdoor exercise station. If you are constructing a hill, allow for the option that it can be used for summer seating and the open area available for events

3/04/2022 02:12 PM

There is so much space an addition of a dog park would be nice (one for small dogs and one for large dogs).

3/04/2022 02:12 PM

The design looks great. It seems like a great overhaul on the entire land. Just be sure that the ground is flat. As it is now there are many holes and craters making it easy to roll an ankle.

3/04/2022 02:41 PM

Splash pad so close to the road might make it noisy for nearby houses on Richmond St. In my opinion it's unnecessary and would only be used ~2 months of the year whereas sports facilities can be used in cooler whether in spring/fall in addition to summer.

3/04/2022 02:56 PM

Fenced in dog park

3/04/2022 03:45 PM

I would add a pump track. They don't take much space and the kids will love it.

3/04/2022 03:49 PM

pump track

3/04/2022 06:49 PM	Nothing
3/05/2022 09:03 AM	Maybe I missed it, but if your going to put a walking/ running trail around the perimeter of the green space I would propose that there are water fountains available both child and adult height.
3/05/2022 03:06 PM	No
3/05/2022 09:12 PM	A larger play structure or more play area. A second 'natural play area's would be excellent in the bottom half of the park. Also, please make sure that there are swing sets for all ages. My children would swing for hours if they could .
3/06/2022 11:06 AM	Add the old equipment back. It was perfectly safe. This fucking town just wants to spend money and change anything and everything they can.
3/06/2022 04:12 PM	More shade /picnic benches
3/06/2022 04:50 PM	Tennis, basketball, volleyball courts by. Walking track. Skatepark
3/06/2022 05:54 PM	Make sure there is 50x100 yards flat area clear of trees for field sports
3/06/2022 06:00 PM	A snow machine for the hill! (Says my grandson)
3/06/2022 06:28 PM	No I wouldn't .
3/07/2022 11:54 AM	Space for development. Even a small space for extra housing/development.
3/07/2022 02:44 PM	No exercise equipment. Don't need it. It doesn't get used

3/08/2022 10:09 AM	More playground equipment it is a large Community in there and families need to play
3/10/2022 05:42 PM	Dog poop bag stations. Water station for dogs. All plants native.
3/10/2022 09:00 PM	Put the fitness centre more to the middle
3/11/2022 05:59 AM	I would cut the pavillion and add more play structures
3/11/2022 12:02 PM	The area is way to big, waste of tax dollars cutting grass and puluting the air. Single family housing needs to be added to the entire east perimiter of the existing park. Sale of park land and Development fees will support placing amenities into the park
3/12/2022 11:30 AM	Sun shelter, eating area.. family picnic or reunion area..maybe I didn't see
3/17/2022 10:02 AM	I would add a soccer field in the open play area.
3/18/2022 10:36 AM	More sitting options for parents
3/24/2022 02:04 PM	We would personally prefer the hard surface area to be slightly farther away from the playground and splash pad. The older kids will most likely takeover this space and harsh language often becomes an issue so close to the younger ones.
3/25/2022 01:52 PM	Outdoor hockey rink
3/28/2022 12:37 PM	do not have outdoor exercise equipment
3/29/2022 07:53 PM	Add a couple of sand volleyball courts or a baseball diamond.

3/30/2022 02:12 PM	nothing
3/30/2022 04:47 PM	Nothing
3/30/2022 05:55 PM	Nothing, the new plan is fantastic. Thank you for listening to the community.
3/30/2022 06:10 PM	Nothing
3/30/2022 10:54 PM	Inclusion of skate park. Equipment play structures for older kids who outgrow splash pad.
3/31/2022 09:22 AM	Add an outdoor Pool for summer swim lessons and leisure
3/31/2022 03:37 PM	Pickle ball courts , and a community swimming pool
4/01/2022 12:59 PM	Skateboard Park in Open Play Area
4/01/2022 01:01 PM	Adding Skate Park
4/01/2022 01:05 PM	I would add pickleball courts. All ages play pickleball. Leave the sledding hill at Centennial. Eliminate hard surface play area.

Optional question (80 response(s), 75 skipped)

Question type: Single Line Question

Q3 The following amenities are identified in the presented concept drawing for Jack Purdie Park. Please let us know whether you believe these amenities are important or not important. Note: the costs identified for each amenity are approximate.

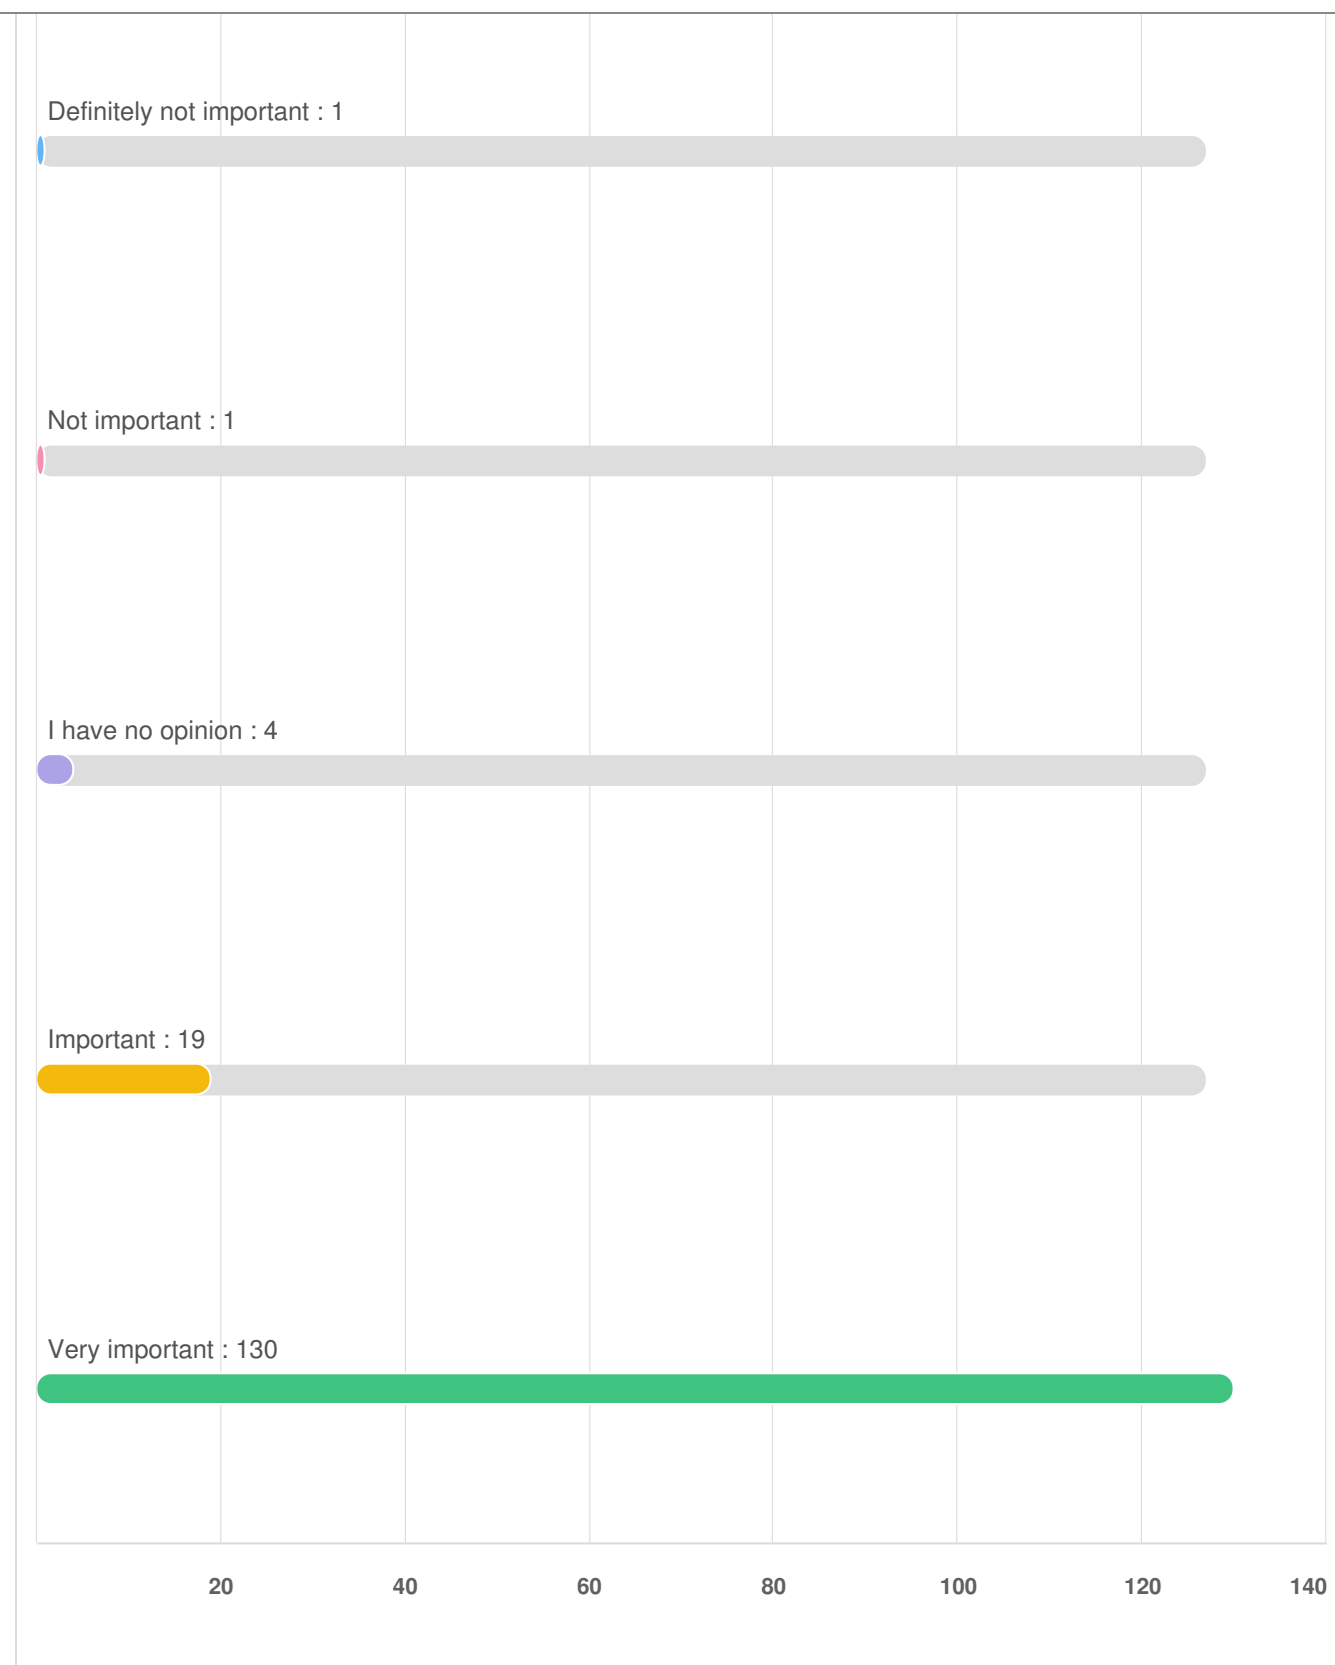

Mandatory Question (155 response(s))

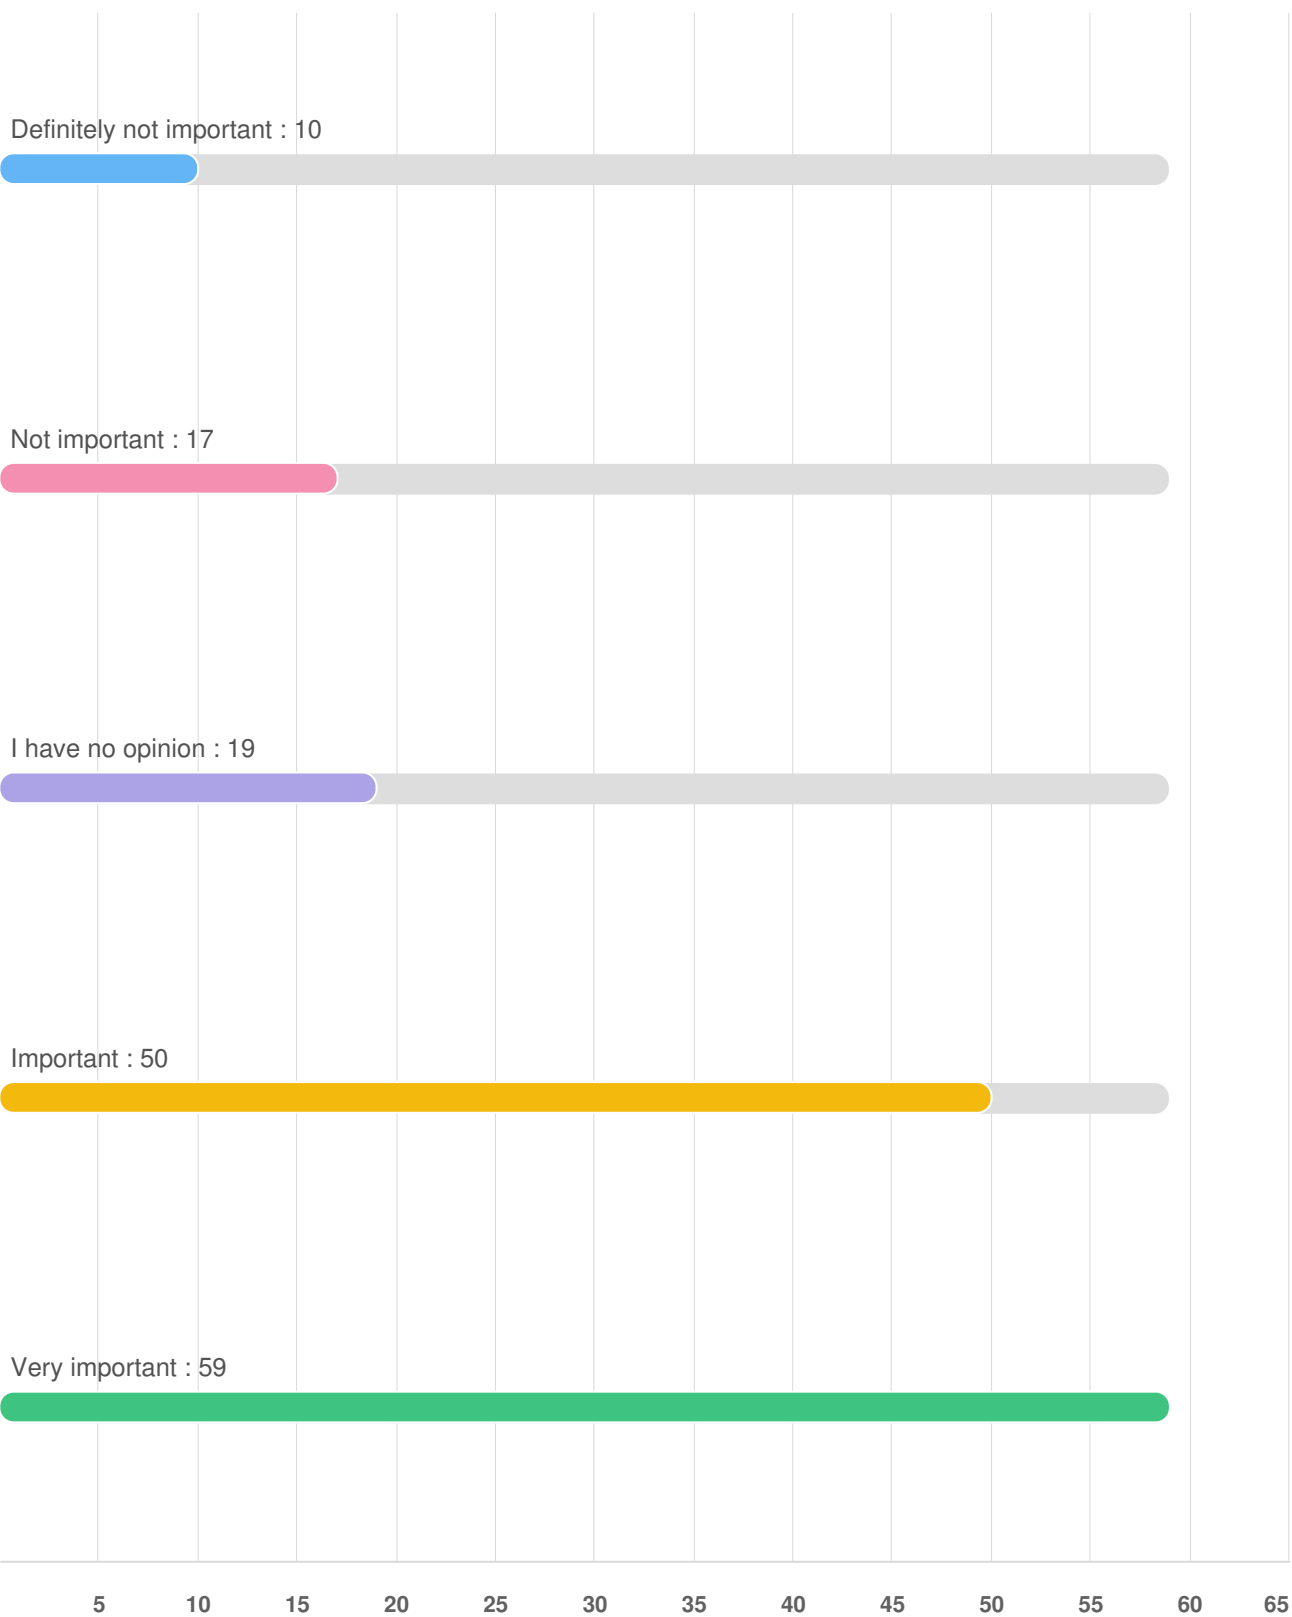

Question type: Likert Question

Q3 | The following amenities are identified in the presented concept drawing for Jack Purdie Park. Please let us know whether you believe these amenities are important or not important. Note: the costs identified for each amenity are approximate.

Playground Structure - \$350,000

Splash Pad - \$250,000

Sledding Hill - \$20,000

Definitely not important : 13

Not important : 25

I have no opinion : 19

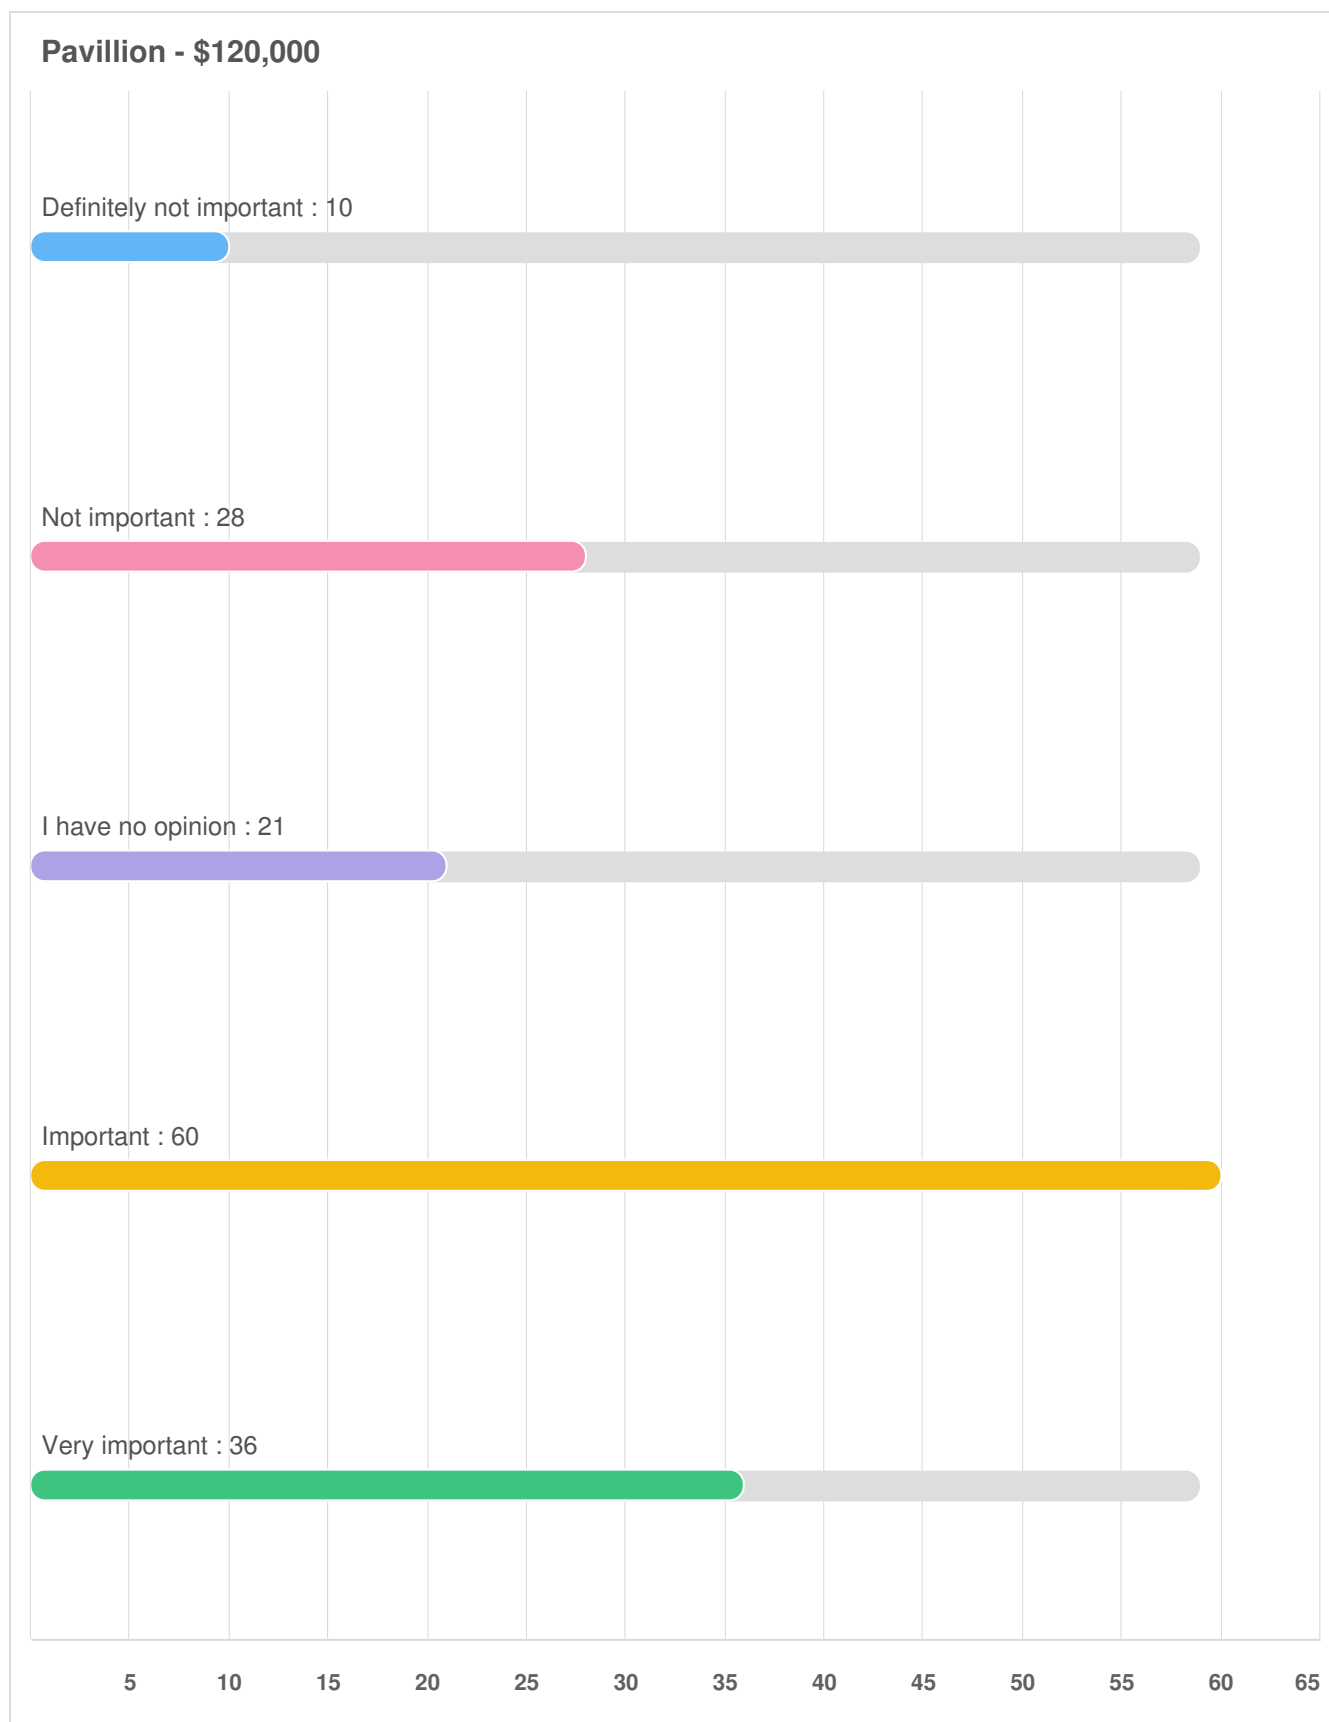

Important : 52

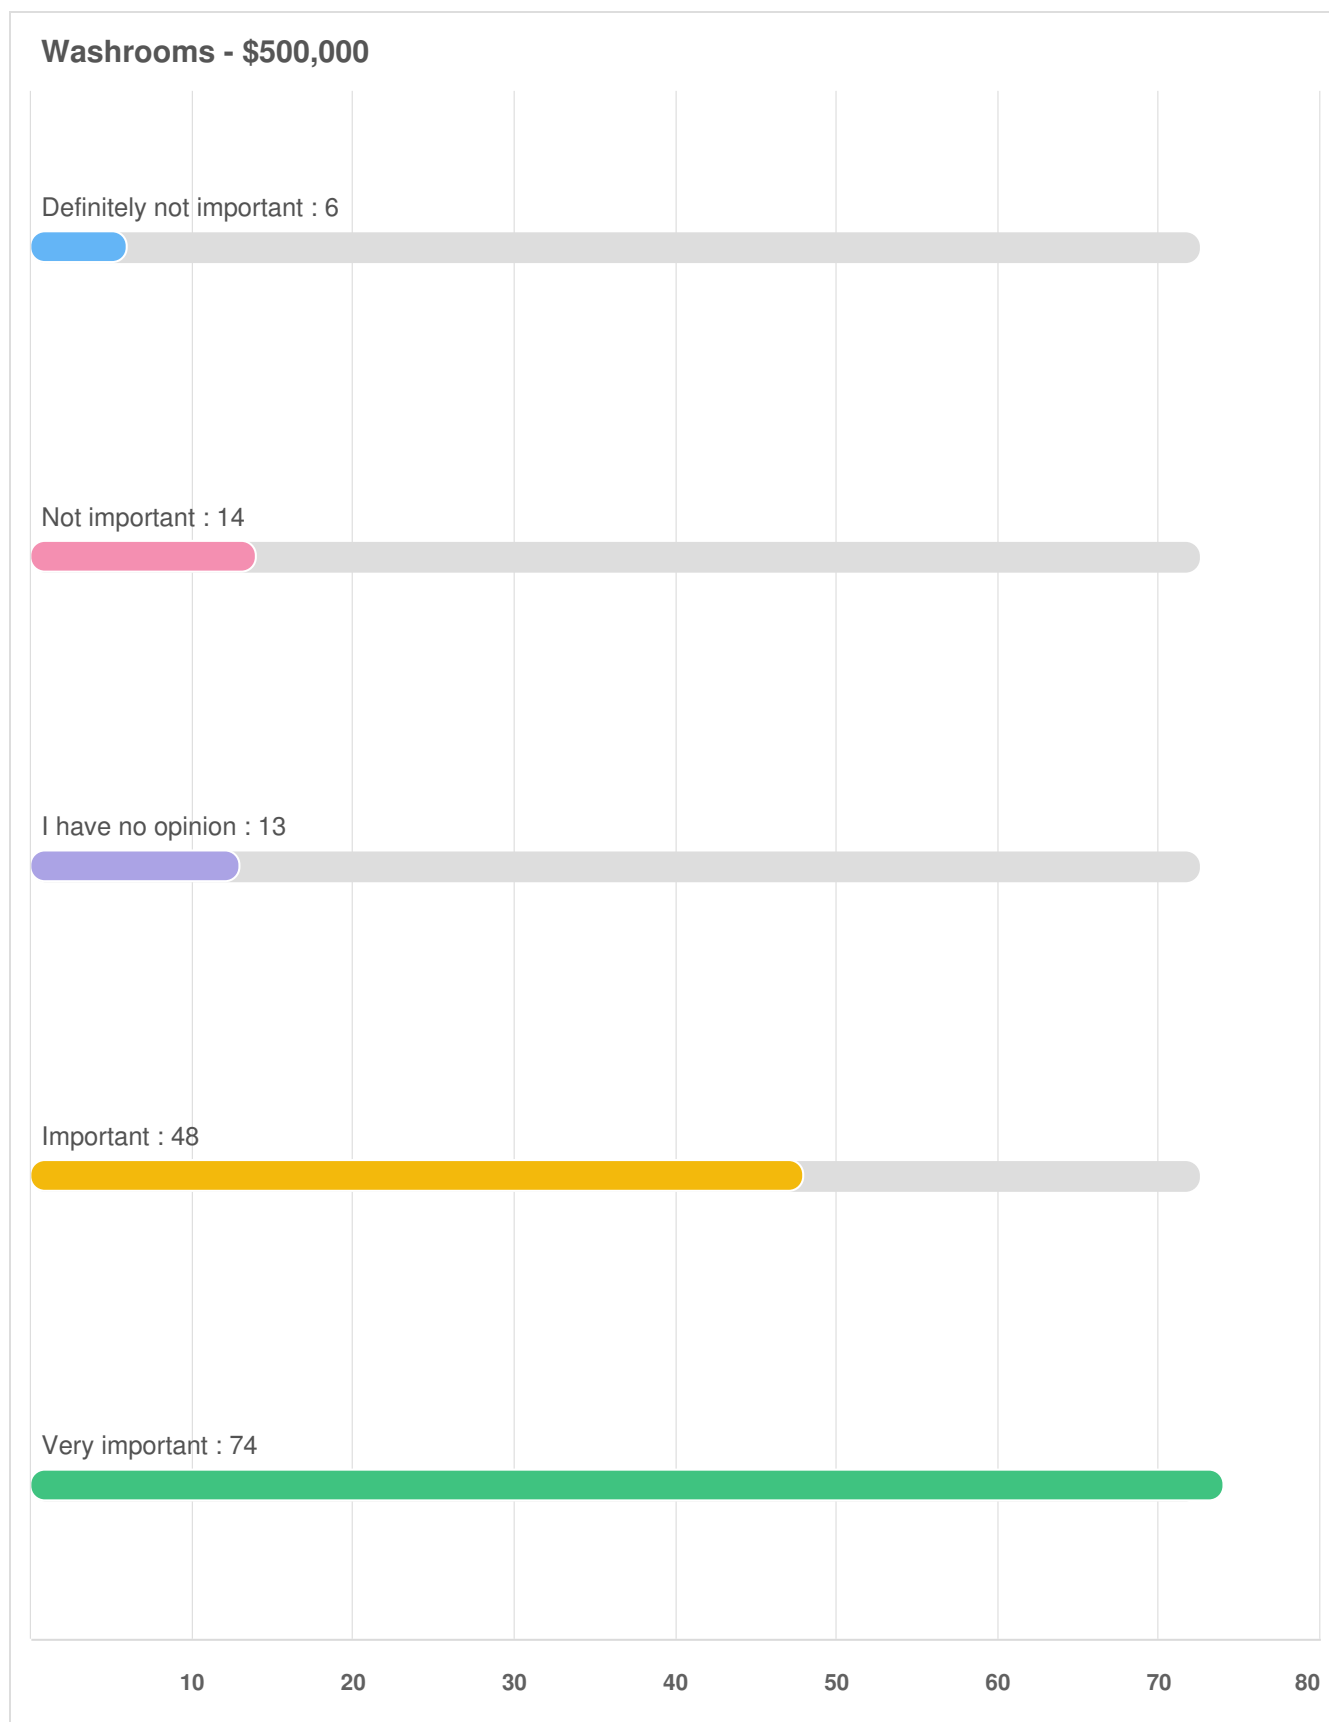

Very important : 46

5 10 15 20 25 30 35 40 45 50 55

Pedestrian Trail - \$337.500

Definitely not important : 8

Not important : 20

I have no opinion : 16

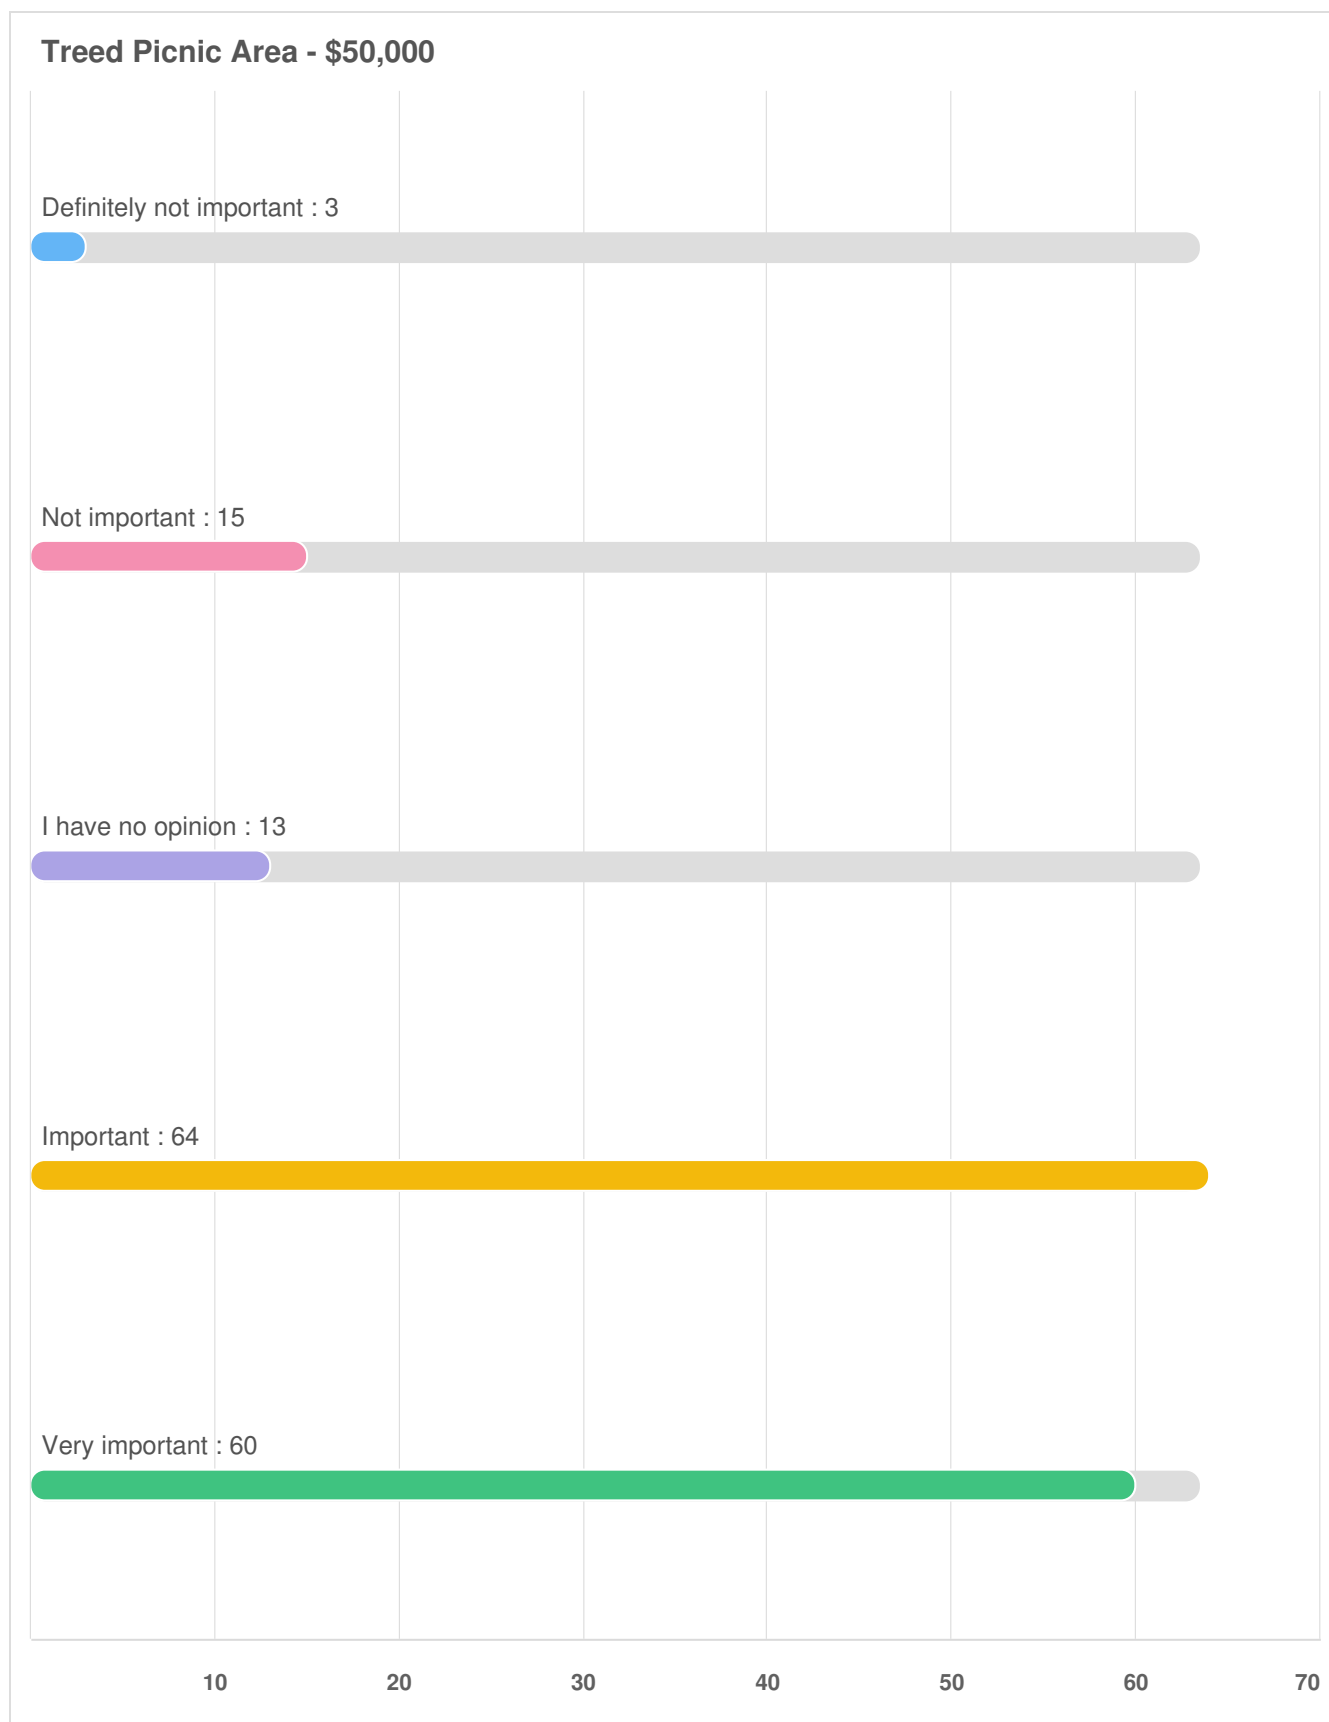

Important : 52

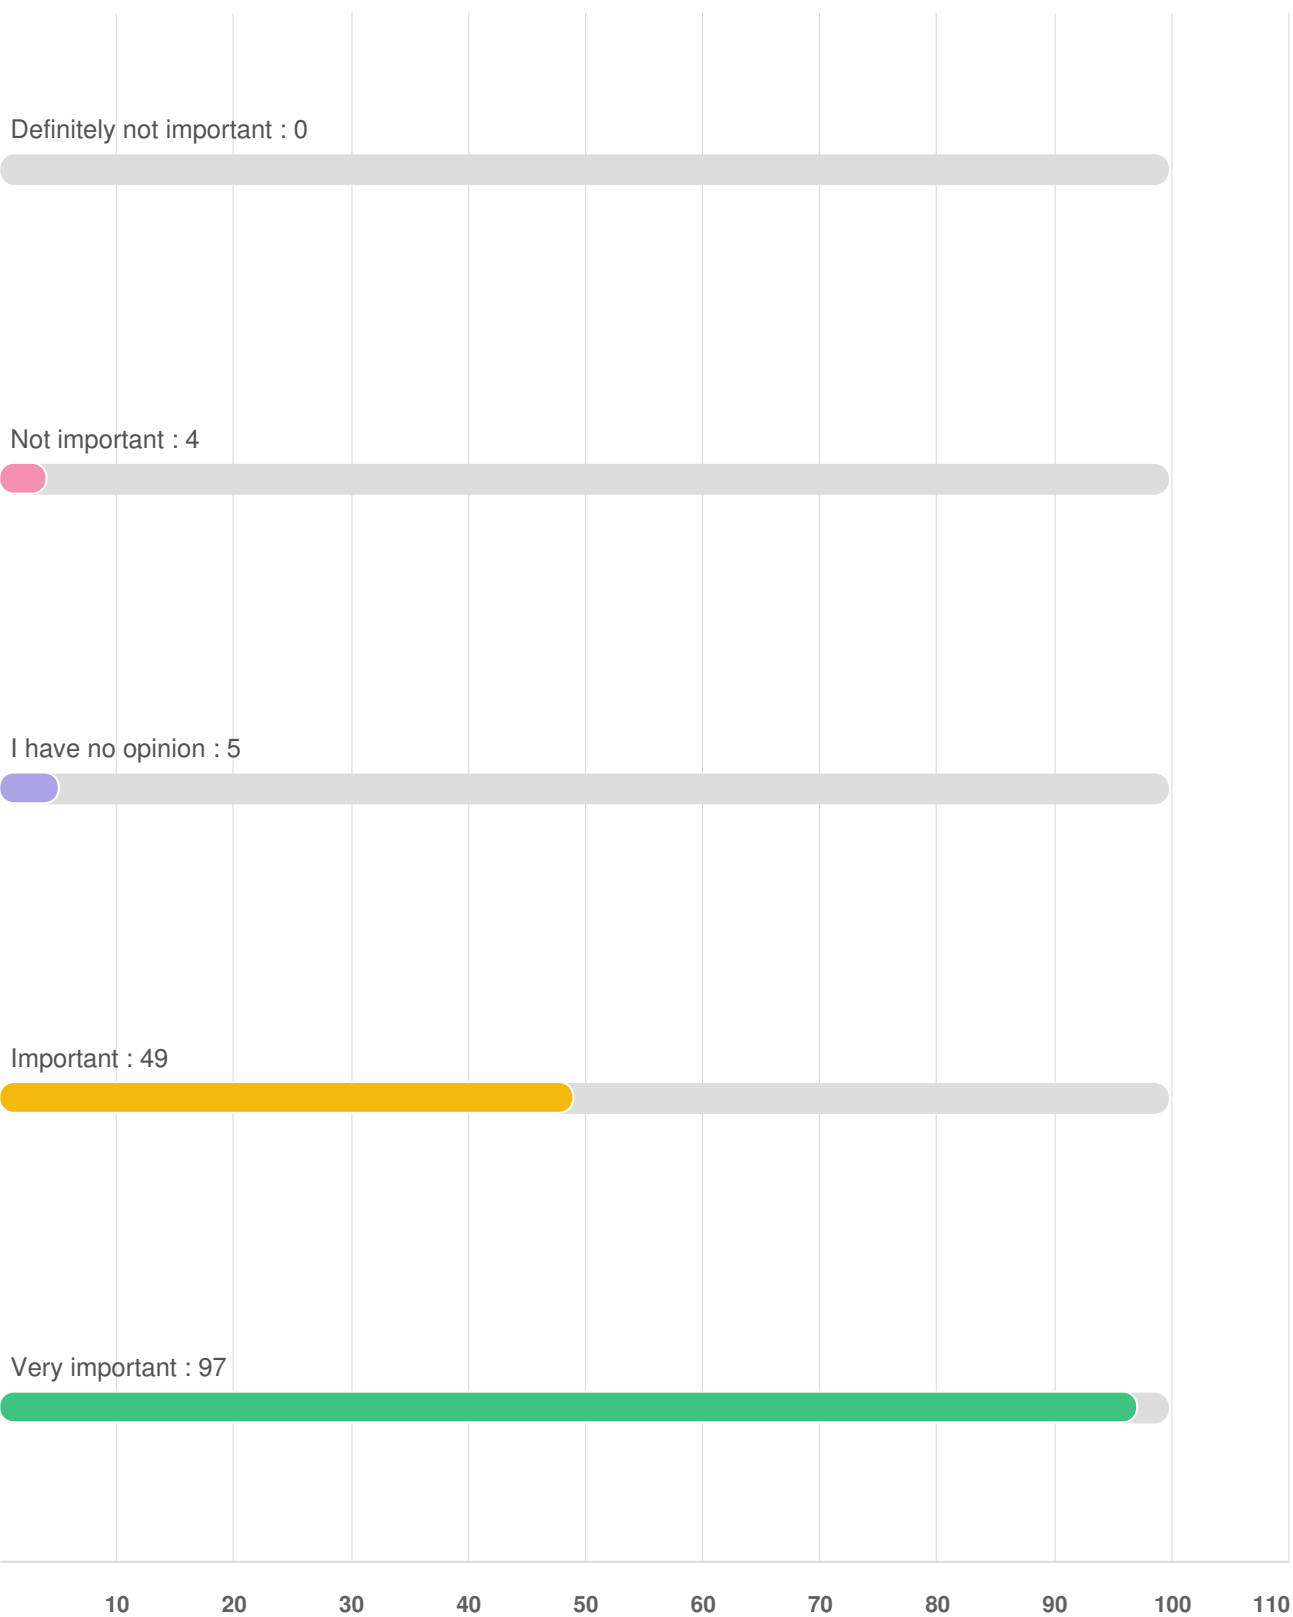

Very important : 59

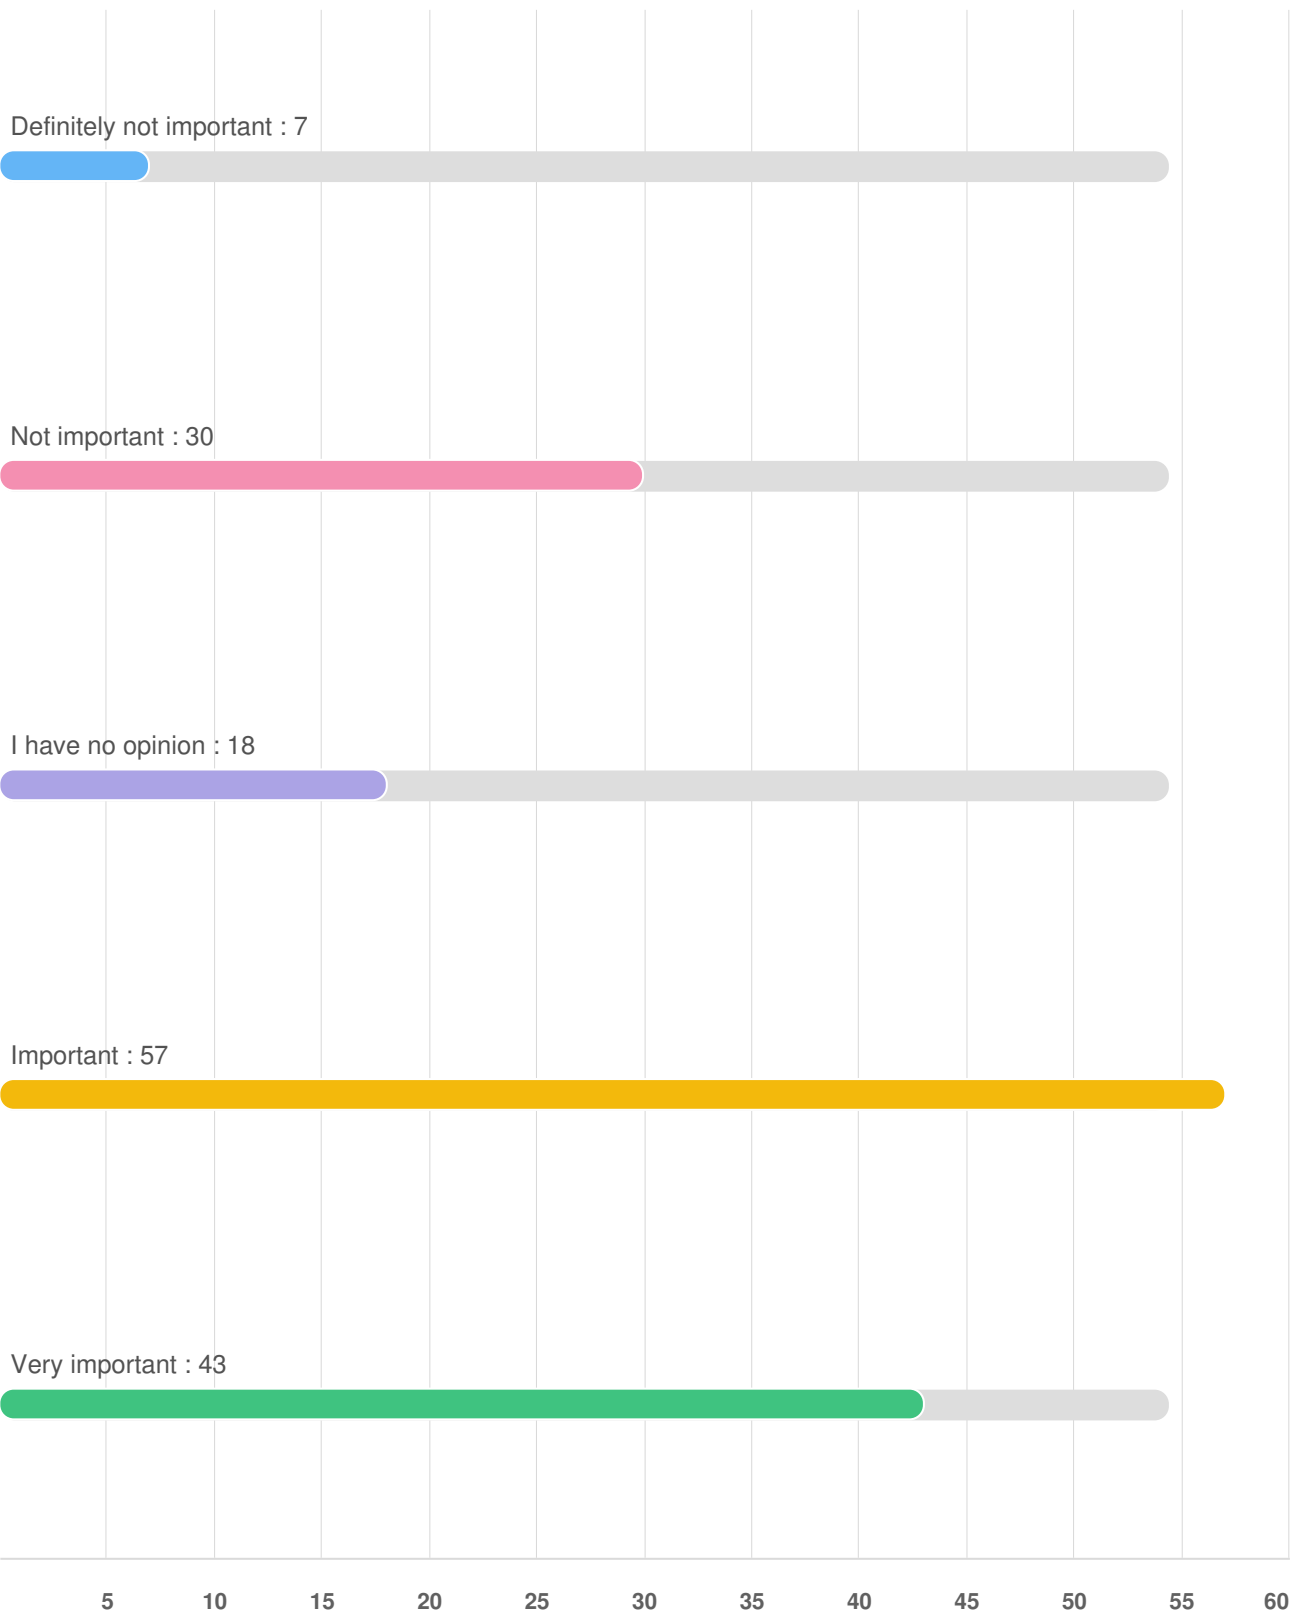

5 10 15 20 25 30 35 40 45 50 55 60 65

Benches & Trash/ Receptacles - \$88,000

Hard Surface Play Area - \$250,000

Outdoor Exercise Equipment \$150,000

Definitely not important : 15

Not important : 53

I have no opinion : 28

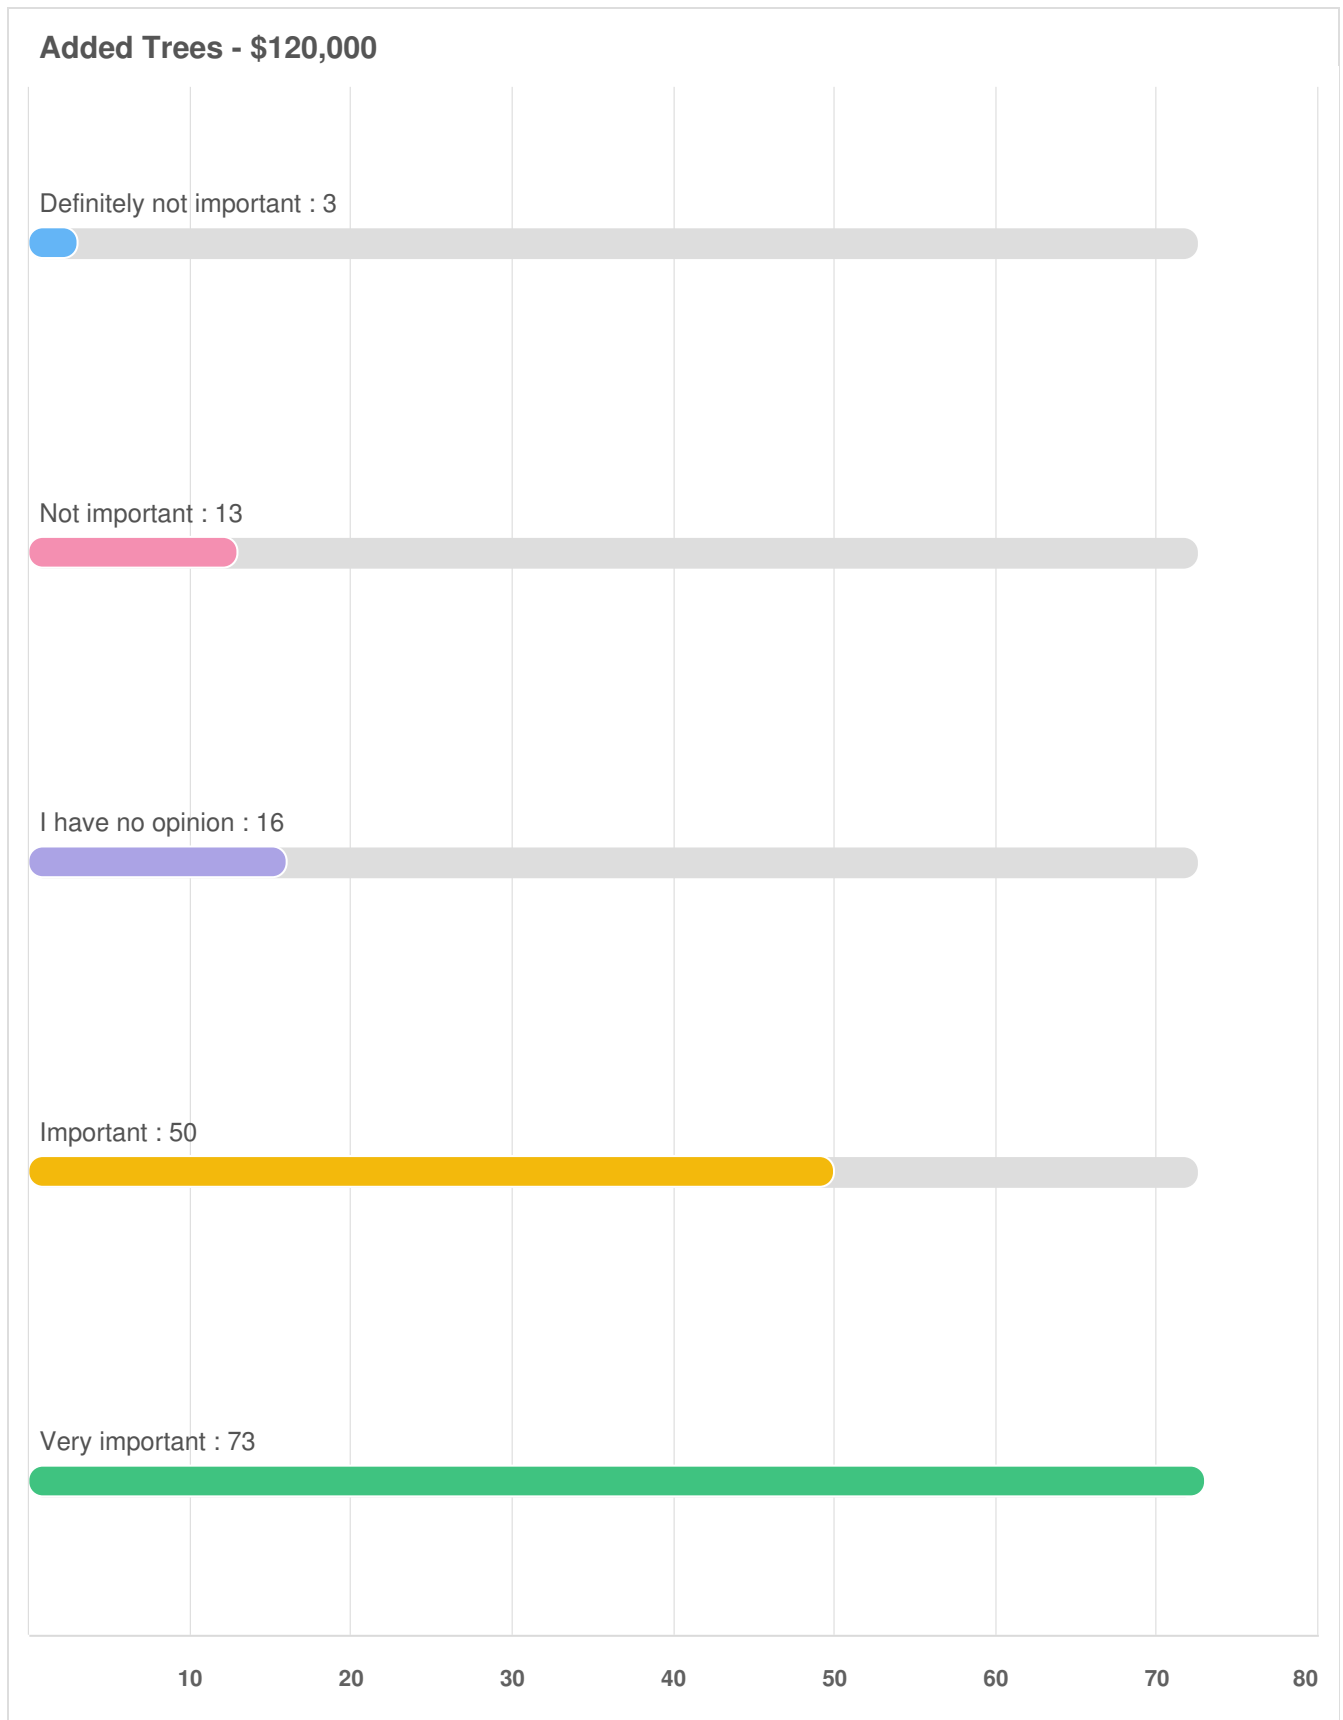

Important : 37

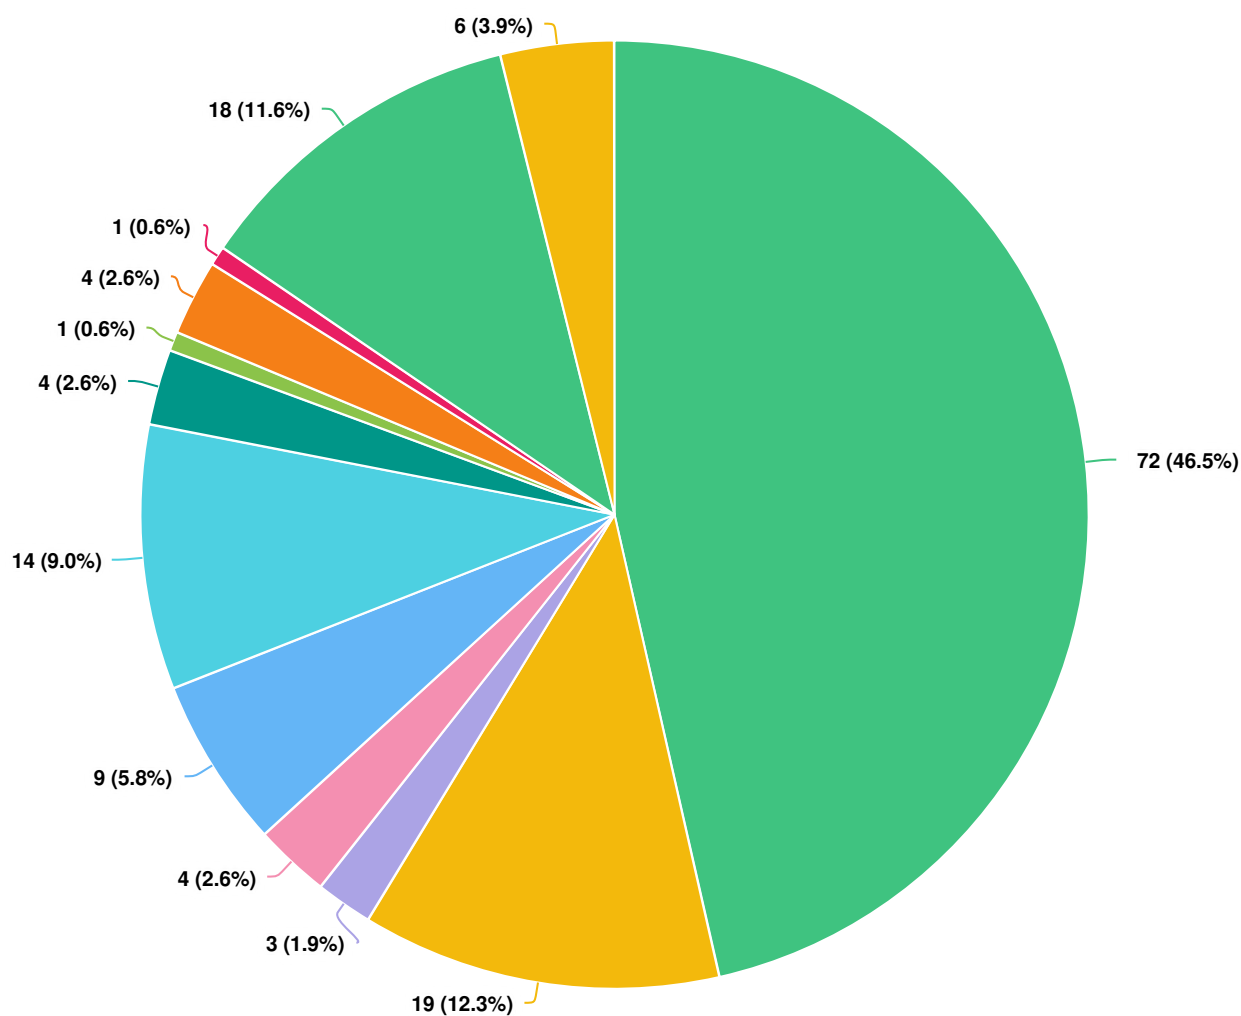

Very important : 22

Q4 If you could make 1 improvement to the current state of Jack Purdie Park, what would it be?

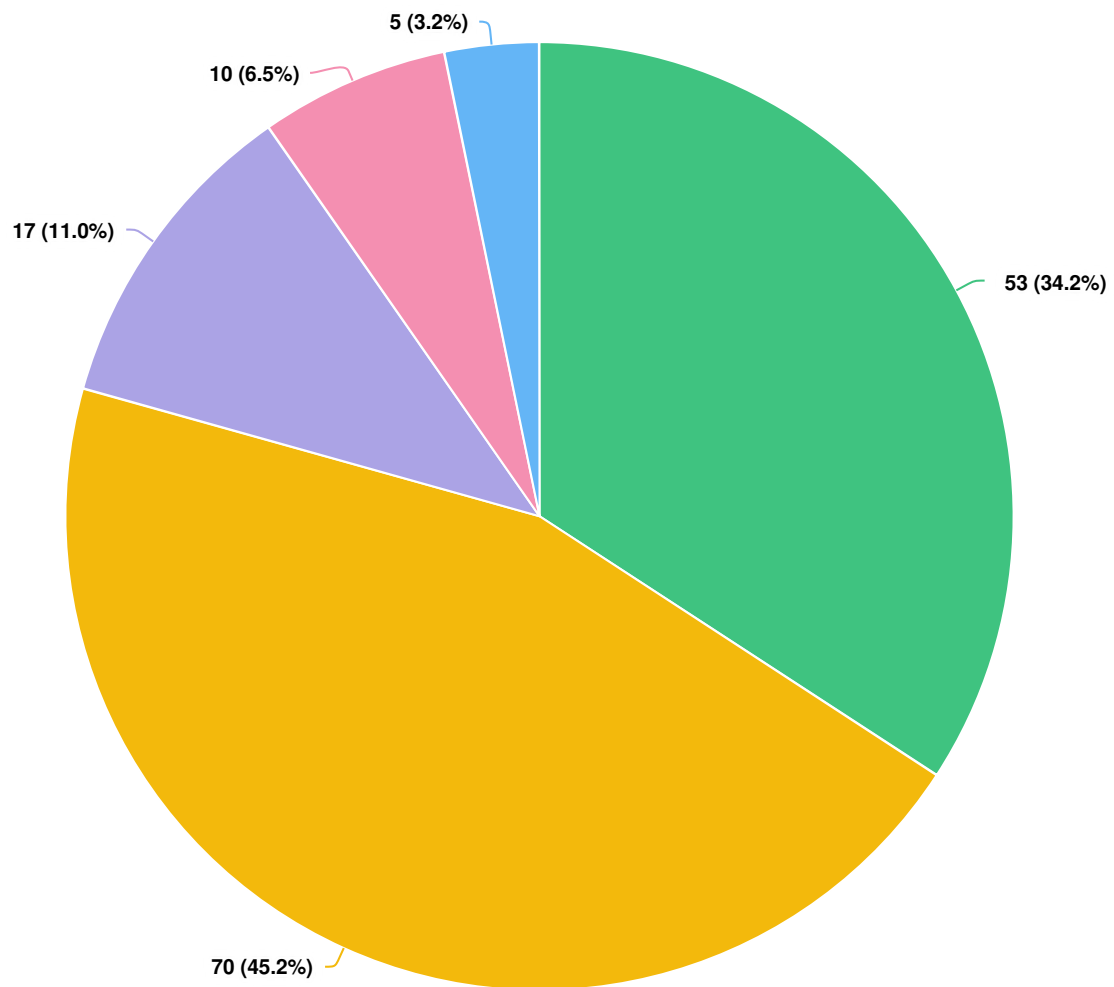

Question options

- Do nothing. Leave it as it is.
 ● Added Trees - \$120,000
 ● Outdoor Exercise Equipment - \$150,000
- Hard Surface Play Area - \$250,000
 ● Benches & Trash/Recycle Receptacles - \$88,000
 ● Treed Picnic Area - \$50,000
- Pedestrian Trail - \$337,500
 ● Washrooms - \$500,000
 ● Pavillion - \$120,000
 ● Sledding Hill - \$20,000
- Splash Pad - \$250,000
 ● Playground Structure - \$350,000

Mandatory Question (155 response(s))

Question type: Radio Button Question

Q5 How often would you visit Jack Purdie Park, if it were improved as identified in the presented drawing with all the amenities.

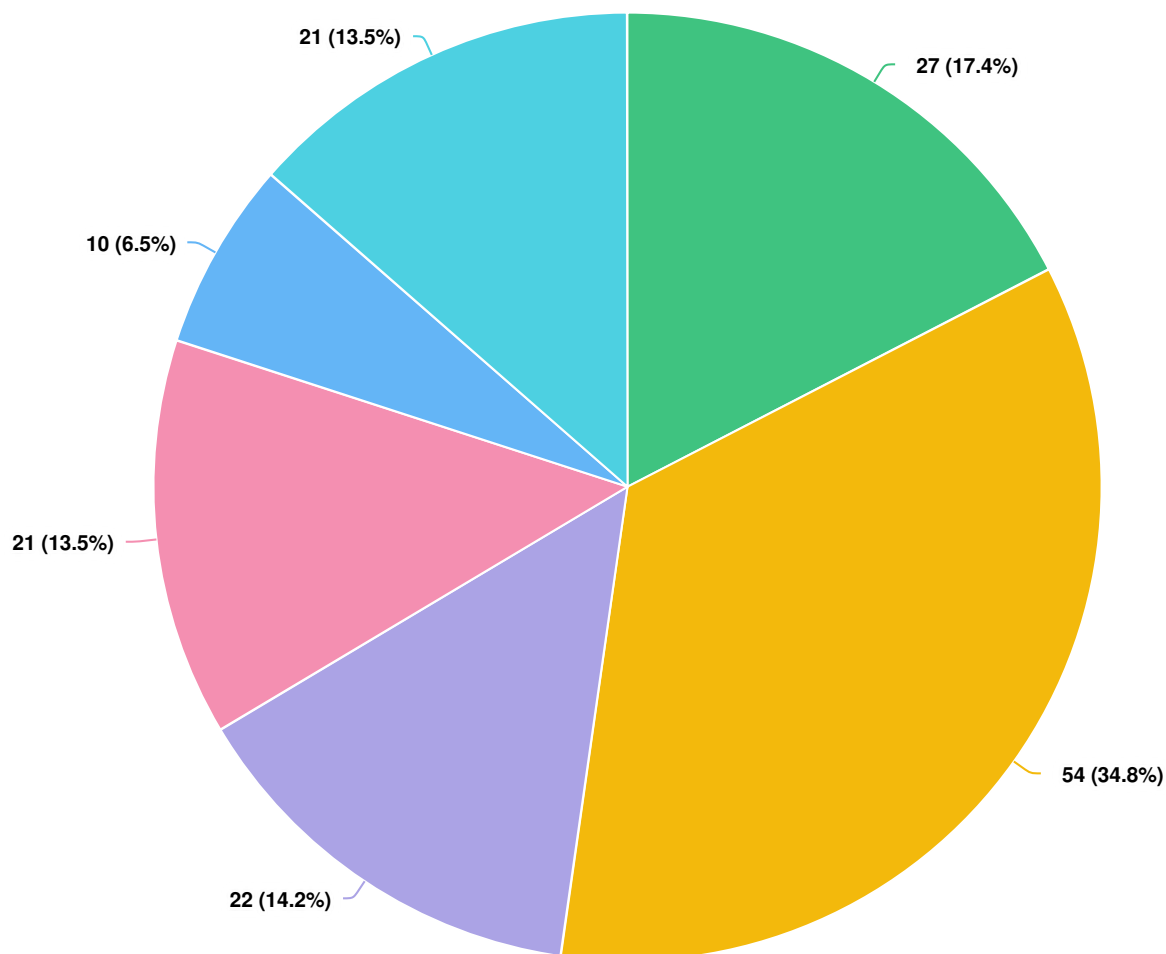

Question options

Never Rarely Monthly Weekly Daily

Mandatory Question (155 response(s))
Question type: Radio Button Question

Q6 In order to fund the current park design, an increase of almost 15% in property taxes would be required. (For example: a 1% increase in property taxes equates to approximately \$250,000 per year). Please check one funding model you agree with.

Question options

- I don't agree with any of the funding models.
- Do nothing. Leave the park the way it is.
- Phase the project in over the next 10+ years.
- Sell some surplus parkland to help offset costs.
- Increase taxes by 1% to supplement all or part of the proposed plans (over time).
- Increase taxes by 2% to supplement all or part of the proposed plans (over time).
