

Jack Purdie Park

OPEN HOUSE

March 24, 2022 5pm to 7pm

Completed forms can be dropped off at:

Town Hall, 271 Sandwich Street, N9V 2A5 in Secure Drop Box at back of the building

Email: aburgparks@amherstburg.ca

Comments:

Is play equipment going to be fun for children of all ages?

It is preferred to have a dataset that is appropriate for younger children and also a separate set for older children

Important aspects of playset:

- 1) Swings
- 2) monkey bars
- 3) multiple slides

I prefer to have the splashpad/playset to be set further away from the road + parking lot.

Maybe swap the picnic area to the playset + splashpad area.

Where would adults play baseball in the town?

Comments:

I may be young but not super stupid
add talking that it was a good
idea one thing I think they should
add Dersoy is a person
but there are a few other people
I have.

1 first I feel that the play started
showing a lot of rap but a lot
he kind of like a mazzor
you could just add on some song
that goes high up on some song

2 I wish for take to be a
bunch more song that play a lot
so kids just run happily confused
on what to pick it is a bit song
that seems like a good idea
to me!

(option) 3 free with I know its a big
~~thing~~ thing but it was some
good to have there in the
park so people don't use
it at the park.

those are good ideas
have a good day!

from an 11
year
old.

Comments:

One chance to keep the land for
recreation
Other land in Amherstburg for
building dwellings; another is
gone it has gone forever
Cherokee village

Comments:

The playground should be suitable for children of all ages.
Many families have children of that age too big for the structure in the future.
Teenagers love to swing on the swings! Presently, they use the swings at J.P. park all the time.
Kids also love playing on old tires - car, tractor etc - crawling thru! climbing.
I believe the playground area should be bigger, and am 50x50 on the splash pad...

Comments:

- 750m is good. But 800m ~~is~~ if possible makes more sense based on distance

- make sure the open field space is big enough for full size soccer game or football.

Jack Purdie should have 2 hard surfaces. Basketball nets ~~and~~

- flag ball is an up and coming game played in tons of grade schools. It's a hexagonal box and kids can bring a ball and play.

- Heritage Park in Lasalle has an amazing play structure for ages from 0-13.

- Have kid/parent swings. (2 people swing at same time.)

Garbage bins NEAR PARK. Jack Purdie always had trash in it b/c the nearest garbage can was 200m away.

- monopoly themed park would be fun or paint the sidewalk around the washrooms to be the monopoly board.

- Farm theme playground would be cool. - Climbing structure of barns and tractors. Animals to climb on.
